3 PURPOSE

The aims of this Policy are for:

a) All staff of Catholic schools and of the Tasmanian Catholic Education Office (TCEO), as appropriate to their positions, to undertake suitable and approved courses or local (school or TCEO) professional learning to enable them to gain and maintain the necessary knowledge and understandings of, and commitment to, the Church’s teachings in regard to the Catholic school.

b) Principals, school communities and the TCEO to provide appropriate resources, opportunities and encouragement for the ongoing formation of their staff as articulated immediately above.

4 DEFINITIONS

The TCEC document “Policy Terms, Definitions and Interpretations” defines a number of terms used in this document and should be referred to in conjunction with this policy.

For the purposes of this policy:

- **Currency** is the regular maintenance of Accreditation status through ongoing learning.
- **Full Accreditation** is the attainment of the necessary number of Accreditation points to satisfy the requirements of a specific strand of Accreditation and to formally receive the Archbishop’s mandated to work in a Catholic School; teach Religious Education; exercise
Leadership in a Catholic School.

- **Provisional Accreditation** is the conditional provision of the Archbishop’s mandate to work in a Catholic School; teach Religious Education; exercise Leadership in Catholic School subject to making a commitment to work towards the relevant level of full Accreditation over a specified period.

## 5 RATIONALE

The distinctive character of the Catholic School is that it is a community animated by the spirit of the Gospel.

*Catholic schools, which always strive to join their work of education with the explicit proclamation of the Gospel, are a most valuable resource for the evangelization of culture, even in those countries and cities where hostile situations challenge us to greater creativity in our search for suitable methods.*

**EVANGELII GAUDIUM (134)**

This Gospel spirit must permeate all aspects of life within the Catholic School community enabling all to experience the presence of Christ in real and tangible ways. It follows therefore that for the Catholic School to achieve this distinctive character, the quality and commitment of the staff within the school to achieving this goal is paramount (*Lay Catholics in Schools: Witnesses to Faith*, par 38, The Religious Dimension of Education in a Catholic School, pars 25, 26). In response to this imperative, the Catholic Education community is called to put into place appropriate, supportive and yet rigorous pathways for the preparation and ongoing professional learning of teachers, especially in Religious Education.

*The person of Christ is at the heart of Catholic education. Therefore we are committed to nurturing our students to proclaim and be witnesses to a distinctively Catholic identity. All its members are called to a personal relationship with Jesus himself and each member of the Catholic school community strives to give Christian witness through words, attitudes and actions.*

Archbishop’s Charter 2016.
The purpose of this Accreditation Policy is to allow school and college communities (in partnership with the TCEO and other Catholic organisations and agencies):

1) to respond fully to the Archbishop’s invitation and mandate to teach Religious Education and to exercise leadership in a Catholic school on his behalf,
2) to respond to the changing needs and culture of Catholic schools in the 21\textsuperscript{st} century,
3) to recognise, promote and affirm appropriate forms of professional learning relevant to Religious Education teaching and leadership in a Catholic school,
4) to promote the attainment of academic knowledge and skills in the areas of Religious Education and Catholic school leadership,
5) to provide opportunities for participants to become familiar with and to be immersed in the culture of Catholic education,
6) to nurture the formation, faith development and ongoing professional growth of all employees, and
7) to use Accreditation status under this policy as one of the criteria to assist with selection of staff for teaching or leadership positions in Catholic schools.

Archbishop Porteous in the Archbishop’s Charter Refresh states:

\textit{Our entire curriculum, including Religious Education, seeks to promote and deepen each student’s understanding of the Catholic faith and their commitment to Christian values. All teachers, across all areas of the curriculum, have a responsibility to inculcate in their students, Christian values and a capacity for moral and ethical judgment. In essence our challenge is to evangelise the curriculum.}

6 **COVERAGE**

This Policy covers and applies to Workers in relation to:

a) The maintenance and refinement of the Accreditation system is crucial in allowing the Archbishop to mandate all employees, teachers and leaders to act on his behalf.

b) All employees undertaking a ministry in Catholic Education should be appropriately accredited to work in a Catholic school.

c) All teachers of Religious Education should be either provisionally or fully accredited to teach Religious Education.

d) \textbf{Provisional Accreditation} would normally be granted to suitable applicants who:
i. are newly appointed to a new position or role within the Catholic Education system, especially as teachers of Religious Education or designated Leaders, or  
ii. are currently teaching Religious Education and who have begun working towards Accreditation in Religious Education.  
iii. commit themselves to achieving Full Accreditation over a four-year period.

e) **Full Accreditation** should:  
i. enable all employees (teaching, administrative and support staff) to acquire an appropriate understanding of the ethos and culture of a Catholic school,  
ii. enable all teachers of religious education to acquire an appropriate qualification and level of formation in order for them to teach in this discipline,

f) Accreditation programs should reflect the changing needs and aspirations of both participants and the Catholic education system within which they serve and as such be aligned with the prevailing strategic direction and priorities of the sector. The needs of participants and the sector should periodically be discerned and reassessed.

g) The Accreditation program will strongly reflect policy guidelines articulated by the TCEC (on behalf of the Archbishop) and operate with clear management procedures under the direction of the TCEO. These management procedures need to be feasible, realistic and sustainable.

h) There should be an awareness of equity issues regarding the accessibility, timing, location and duration of Accreditation courses.

i) The rigour and quality of Accreditation programs must be monitored and maintained.

j) The process for Accreditation needs to be clearly communicated to all stakeholders.

k) Accreditation should be viewed as an ongoing formative process, such that mechanisms should exist to ensure that currency of Accreditation is maintained.

7 OBLIGATIONS AND ACCOUNTABILITIES

a) Schools, Governance and the TCEO must:  
i. communicate and implement this Policy within their area of responsibility;  
ii. ensure adequate resourcing to facilitate currency training; and

i. encourage and enable staff to participate in suitable training to attain Accreditation and/or maintain currency;

8  GENERAL PRINCIPLES

ii. The details surrounding the contractual nature of the arrangement be fully documented,

iii. In association with the application, an Accreditation professional learning pathway will be developed and documented (e.g. enrolment in the Graduate Certificate of RE).
